

Education

The University of Tokyo, April 2019 - Present

Bachelor in Information Communication, Department of Engineering

The University of Tokyo, April 2017 - March 2019

Liberal Arts, College of Arts and Sciences

Projects

Language Processor

<https://github.com/diohabara/languages/blob/master/dcc/>
C compiler for x86-64.

Firefox

<https://slides.com/diohabara/deck>
I have added additional bookmark properties to Firefox as a hobby.

Technical Strengths

Programming Languages

- Lisp: can make Lisp itself
- Python: can automate mundane things
- C: can make C itself
- C++: can write algorithms
- Rust: can make Unix-like commands

CS Backgrounds

- Computer Architecture
- Programming Language theory
- Operating system
- other stuff

Work Experience

Wantedly, August 2019 - September 2019, Back-end Engineer

- <https://wantedlyinc.com/ja>
- As a software engineer intern, I was working at the web back-end engineering department.
